

Dillard Financial Solutions^{INC} *News Break*

Dillard Financial Solutions, Inc. Names Mike Fields as National Director, Agent Services, NAPS Division

Dillard Financial Solutions, Inc. after agreeing to become the national retirement benefit provider for the National Association of Postal Supervisors, has appointed Michael Fields—retired postal manager and current Vice President, Western Piedmont, NC for NAPS branch 936—to head their NAPS Division.

Mike, as he is called, will oversee all activities and events created through his partnership with NAPS and to provide the benefits training for NAPS members.

His duties include hiring, training, and assigning agents throughout the country to meet the needs of the membership.

He serves as primary liaison between NAPS National Officers and Steve Dillard—Owner of Dillard Financial Solutions, Inc.

Mike retired from the US Postal Service in January, 2014 to work full-time with Dillard Financial Solutions, Inc. after becoming a client in 2009 and realizing that his fellow co-workers had not received training on their benefits options for years. His goal was then—and still is today—to educate postal and federal employees about their benefits and to offer options that could maximize their income during retirement.

Mike is a licensed insurance agent and a Chartered Federal Employee Benefits Consultant (ChFEBC).
